

## **PROP FLOW**

### **FLAKE & REGRIND DISCHARGER**

The Genesis Prop-Flow discharger has been specifically designed to aid the discharge of products such as PET flake, Regrind and other flake materials due to their poor flowing characteristics. The rotating arm causes a positive displacement of the product, keeping the material free to enter the outlet.

- Four sizes are available :  
600mm, 800mm, 1,000mm and 1,200mm diameter
- Heavy duty sweeping arm in varying designs to suit products
- Standard pipe fitting outlet enabling a simple adaption to downstream equipment
- Heavy duty 3 phase motor
- Reinforced bearing
- Available in stainless steel & painted mild steel
- Can be retro-fitted to existing silos and hoppers
