Product Specification

Segregator Range

SM 42 & 53

Linear Vibratory Screener

The Sievmaster Segregator has a large screen area designed to move wet or dry product in a linear motion. It is ideally suited to light fragile products with low bulk densities. A 'Hygiene' series is also available,

developed especially for the food industry

and manufactured entirely from stainless steel. These easy clean units can be supplied upon wheels for mobility or feet for static installations. The range is available with variations to provide up to 3 separations, with a wide choice of sieving aids for problem materials. Each unit is made to order to the customers exact process needs.

FEATURES

- Available in 1250 mm long x 650 mm wide and 1550 mm long x 920 mm wide mesh frame sizes
- Easy clean design, no crevices
- Dust & hose proof
- Constructed from FDA compliant materials
- Quick change bonded screens

Low maintenance/running costs	

- Noise level less than 70 dBA in use
- Your product quality maintained
- Sieve and convey in one action
- Full validation packages for food/pharma

TYPICAL MATERIALS

Recycling

- ٠ Wet or dry
- applications De-dusting &
- de-watering
- Liquid separation
- Almost any powder or ganulated material
- Biscuits
- Confectionary
- Seeds
- Liquid separation Tablets & capsules

PRODUCT OPTIONS

Machine configurations*

- ATEX upgrade
- FDA/EC upgrade
- Ultrasonic upgrade

*More options available on request

- · Mesh deblinding mechanical
 - Jacob or BFM inlet/ outlet/oversize
 - Other made to order options available

Finishes available

- Mirror polish to internal surfaces
- Other finishes available depending on application requirements
